There's a whole lot more. I could, there's a whole lot more. I could go into this, but I just, I think I'm going to leave that there. I'm going to read this one scripture and we're going to land because I have gone my 10 minutes over someone getting something right now. Now watch this, come with me to revelation. Chapter 13, revelation, chapter 13, I'm going to read from verse 11. They may saw another beast coming up out of the earth and he had two horns, like a lamb. So he looks righteous, but he spoke like a dragon. Oh, like that dragon, the one we were talking about, you mean really coming and really, really articulate, but evil and sinister. Okay. The one that could deceive Eve even before she was touched with sin. Okay. So he looks righteous, but he is sadistically sinister. And uh, I'll add the Seaver on levels that maybe we should never underestimate, okay.

[\(01:22\):](#)

Watch this. And he exercises all the authority of the first beast in his presence and watch this and causes those who dwell in the earth, sorry, causes the earth. And those who dwell on it to worship the first beast whose deadly wound was healed heat. Now watch this. This is why we can't be so obsessed with just signs and wonders. Now look, we're seeing, we're seeing cancer stage four cancers. We're seeing all kinds of miracles happening on a regular basis, but that cannot be the proof of who we are. That is merely a by-product of me walking with Jesus. Okay. This is why he verse 13. He performs great signs so that he makes fire come down from heaven and on the earth, in the sight of men. And he deceives those who dwell on the earth by those signs. See if all you're looking for is signs. If you just want to be an entertainment, Christian, you're going to get deceived in this period of time because this person's going to look like a great prophet of God.

[\(02:26\):](#)

Th th there's going to be signs like, like people gonna say, dude, that's what Elijah did. He called fire out of heaven. It's going to look like that. So we can't just be looking at signs. Okay? So he makes fire come down from heaven and on the earth, in the sight of man. And he also deceives those who dwell in me with, by their signs, which he was granted to do in the sight of the beast, telling those who dwell on the earth to make an image to the beast who was wounded by the sword and lived. And now watch this. This to me is very fascinating. Watch this, this next scripture in light, everything we've talked about. Genetic code cloning, all kinds of headier stuff, watch this. And he was granted power to give breath to the image of the beast, that the image of the beast should both speak and causes many as would not worship the image of the beast to be killed.

[\(03:22\):](#)

Now, stop right there. That is exactly Lucifer imitating God, making Adam. That is the exact imitation you catch that we just read at the very beginning that God breathed breath. And Adam became a living being, this is the knockoff counterfeit right here. He's going to do it in front of the whole world. And people are going to call him God, I don't know whether that's like an AI thing. I don't know whether that's like an actual physical clone and it's going to look like he's coming to life. I'm not here to tell you exactly what it's going to be, but you have to understand that we're at sea 50 years ago. This wouldn't have made any sense. Now it's making sense because the technology and the time that we're living in, we're getting closer. Almost done. I'm gonna land here in two seconds. Watch this verse 16. He causes all, both great and small, rich, and poor, free, and slave to receive a mark on their right hand and on their forehead. Stop. I grew up in church where they talked about a, a, a chap, a microchip. And I think microchips still could very much be a real thing. But I think right now, it's far more than just a microchip.

If you can't tell by the whole point of this message, watch this, that no one may buy or sell, except the one who has the Monica.

[\(04:49\):](#)

Can you put the number two, one up again, please? Or the number that the first one number? The thing that's the first slide or the one before that? Yep. The marker. If you go back to the ancient Greek Hebrew and where it says the mark of the beast, go study it because I personally think it's marker. And I think there's a microchip too. I'm not taking away from that, but I think it's marker. Now, I'm going to prove that to you watch this

[\(05:23\):](#)

And no one could buy or sell, except he has them, the mark of the beast or the name of the beast or the number of his name, which by the way, the patent number. And I'm not trying to be a conspiracy theorist of the pet number for this injection has literally 6, 6, 6, right? In the middle of it. I'm not trying to be a conspiracy theorist. I'm not saying this is exactly the mark of the beast, but it's definitely the John, the Baptist preparing the way for where this thing's really going. Let's just say it like that. Okay. I'm not saying you're a devil if you've taken it, but I'm just saying we need to really pay attention here. Okay. No one could buy or sell. Hello? Are you watching what? They're rolling out across the whole planet right now? You can't by yourself. You can't go into stores. You can't even restaurants. There's people getting discriminated like it wasn't with racism 50 years ago. Now we're dealing with a different war. It's going to be, if you're not vaccinated, you're now the scum of the earth. I watched the video of this family, poor family in New York, getting kicked out of a restaurant. Like it was something from 50 years ago. That's evil. Okay. So we're watching that right now.

[\(06:32\):](#)

Um, who has wisdom? Let them understand the calculate, the number of the beast for it. It is the number of man. His number is 6, 6, 6. Now there is, I don't have time. I'm going to land right now, but what I'm going to tell you in closing is it literally talks about in revelation that anyone who took takes the number of, sorry, it takes the mark of the beast and worships his image. The names cannot be found in the Lamb's book of life. There can be no salvation. Now I, I, I, that really got me for a minute because see where I grew up. I understand that the blood of Jesus can do anything true for the descendants of Eve.

[\(07:12\):](#)

You tracking this here. Jesus came for the sons of Adam and the daughters of Eve. So if you now become a different species, you tracking this, I know this is probably really tough to like, I know this is not your average Sunday service, but I just really felt like we have an obligation to start talking about some of this stuff just over the next couple of weeks, and then we're going to carry on. But we have a responsibility as leaders to talk about the stuff so that people don't just blindly go into, oh, well, you know, we're going to do what I pop for society because that's what Jesus would do.

The St. The church of Nancy Pelosi, that lady needs to get saved. Now she really does. We just pray. She has an encounter with heaven and that an angel of the Lord where the fiery flaming sword just shows up at the end of her bed in the middle of the night. And she wakes up repeating and giving up her witchcraft. So, but, but literally you need to understand that the Bible literally says that, see, for me

personally, it says, there's the scriptures that say all who call on the name of the Lord shall be saved true. And I've gone way over. I apologize to the pickup team, but this is important. All who call on the name of the Lord shall be saved, except for someone that's taken the mark of the beast and worshipping his image. Because I truly believe that it's going to change humanity, where we're no longer human, just like in the days of Noah and the days of Lot. And so we have to be vigilant so that if that looks like we're going to trust Jesus, then we're going to trust Jesus. You should have been trusting him anyways. Right? If you can't go into a grocery store, then I'm going to believe God to grow a tomato plant and some chili peppers, and maybe manifest the sheep in the backyard. It's like, it's going to be awesome. Okay. So, so did someone get something today? We've taken some time

[\(09:10\):](#)

We've taken some time to try and put some of the stuff together and you might want to go back and rewatch it and share it online and just get it in your head. Because I know I covered a lot. There was a lot of scriptures, but it makes sense when you start tracking the storyline and you stop looking at it through conventional kind of naive eyes, and you start looking at it with open eyes and realizing, hang on, there has been a demonic agenda. That's come against the genetics of humanity from the beginning. I mean, let's stand on our feet father. We just thank you that you are equipping us with truth, that you are speaking life to us, that you are, that there is no fear in what we're talking about at all. Matter of fact, there's even more confidence that we're walking into the greatest time in history.

[\(09:52\):](#)

When you are going to come and put the devil into the lake of fire, and that you were gonna, you were gonna come and bring peace and prosperity and deliverance to the entire earth that's believed in you. So we just thank you, father, that even though we were sailing into some very dark and tumultuous times, we thank you, God, that our neighbors are going to get saved, that you're going to use us. We're going to walk in divine, heavenly, miraculous power. That's going to flow in Jesus' name. So we ask God that you would just, that you would comfort us any fear. That's just peaked in the service today, that as we've been listening, that you would just bring peace Jesus into our hearts, into our minds. And you'd cause us to just walk in confidence that you have us. You have us at every level of our existence that we don't need to be afraid. We don't need to try and negotiate with hell that you are El peace. You're a provider, you're a protector. You're our champion king. So we love you, God. And I just thank you that every need and every provision is going to be made in this house in Jesus name and everyone watching out there online in Jesus name. Amen. Amen. Awesome guys. We love you.
